DETAILED ACTION

This application has been examined. The claims 1-5 are pending. The examination results are as following.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claim 1-5 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

In claim 1, lines 18-19, the “display standard set part”, in claim 1, line 21, the “setting signal” and in claim 1, line 25, the “set signal” are not supported in the specification.

The specification does mention “input timing set data” on page 9, line 30; however, there is no mention of the above items. Therefore, “set data” does not support the “display standard set part”, “setting signal” and “set signal” in the claim 1.

Response to arguments

3. Application argues that “The subject matter of the claimed need not be described literally in order for the disclosure to satisfy the description requirement”, and has been shown the claimed invention at page 9, lines 23-32. However, this page does not disclose the limitations of the claimed invention. Therefore, this rejection is maintained.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
